

Mate Chair

Inspired by life
made by enea

The Mate chair consists of a polypropylene single shell seat and is an example of versatility.

The collection is designed to be able to create multiple configurations, it consists of 9 structures and the shell can have different finishes: in polypropylene, with upholstered seat pad, and fully upholstered.

The Mate collection is an example of versatility. It is designed to be able to create multiple configurations, making it a chair that can accompany you in as many contexts as you can imagine. In short, a great ally for your day-to-day life.

Sustainability

- Ecodesign (ISO 14006).
- Highly recyclable PP with low additive content, in accordance with EU recommendations to improve plastic recyclability.
- Solid oak wood from European forests.
- Polyurethane foam free from latex and hazardous substances.
- Selection of upholstery fabrics in wool, recycled (and recyclable) fibres and leather.
- With the end-of-life stage in mind, the number of components has been minimised and they are all easy to separate and can be 100% recycled or reused.

Certificates

- Environment compliant with ISO 14001.
- Indoor Advantage Gold certified (air quality in interior spaces).

Warranty

5 years.
